OIL NEWS IN AND AROUND ARDMORE

Griswold Visits Ardmore

C. T. Griswold, a mining engineer, with the Caline Oil Company, who makes his headquarters in Oklahoma City, is here visiting the offices of the company. He and the Williams visited the Hewitt field yesterday and Mr. Griswold is favorably impressed with the prospects of that field. In his opinion it will be a good field. He will remain here several days. This is the first time the Caline has employed a geologist to devote all his time to the interests of that company and it probably means that the company will be more active in southern Oklahoma than it has been heretofore.

Willford Well in Blue Shale

Ardmore Producing and Refining Company in section 29-4-2W known as the Willford well, is reported to have reached a depth of about 2,150 feet. The formation at this depth is blue shale.

New York People Here

Mark Kirkpatrick of the Gates Oil Company, had as guests at a dinner last night at Dornick Hills Country Club, J. K. McGowan and H. A. Van Tassel of New York, representing the oil department of the Guerguier interests, and also J. A. Beckman and J. M. Buck of Tulsa, through whom the sale of the Gates interests to the Guerguier was perfected. In the dinner party were also P. C. Dings, Frank Gates and R. A. Hefner, besides the host.

Visiting the East

Frank L. Ketch, accompanied by his little son Lawrence, left here at 3:30 o'clock this afternoon over the Santa Fe for Newton, Kansas. At this point the

This location is on the Noble farm and a combination rig is being installed and the rotary drill will be given a test in the Hewitt field.

Humble Oil and Refining Company is making preparations to spend in its well in the SE, SW, SE of section 29-4-2W today. This well is an offset to Westheimer & Daube on the Noble farm in the same section.

Humble Oil and Refining Company in the south half of section 35-4-2W, on the Fulton farm, has the rig up and a boiler moved in. Tools have not been moved in yet.

Westheimer & Daube in section 29-4-2W, on the Seelye farm, have a fishing job on hands.

Par Petroleum Company (Ketch et al) in section 27-4-2W is in a water sand at a depth of about 400 feet.

Texas Company No. 1, Dillard, an east offset to the discovery well of Hewitt, in section 27-4-2W, is the deepest well at Hewitt. The depth now is 1,355 feet and when the level of 1,500 feet has been reached the drilling will be much easier.

Oklahoma Fox Oil Company, in section 22-2-2W, is now drilling at a depth of about 1,000 feet. This well is looking good and fishing by the sands found to the south of it in the same section it should be a well before the level of 1,500 feet is reached.

The Keaton well, on the Miller farm, in section 24-2-2W, has been spudded in and has reached a depth of 100 feet.

Texas Company No. 1, Nolan farm, in section 25-4-2W, is drilling.

Wolfenbarger Oil Company is building a rig in section 21-4-2W, offsetting the Texas No. 1, on the Nolan farm, in section 25.

Oil Notes

James A. Cotner of this city, who is now in New York City on a visit to his home. He is accompanied by some parties from New York who are looking after some investments. Mr. Cotner is devoting his time in the east to promotion of enterprises that will be of interest to Ardmore and this section of the state. His business is such that he will remain here but a brief time.

R. E. Hignite is here from Fort Worth, looking after his investments in the Hewitt district. Mr. Hignite has purchased a home in Fort Worth and will make that city his headquarters while he is operating in the Texas fields.

It is reported that the Ard-Hewitt Oil Company has a rig under construction in the northwest corner of the SW, NE of 27-4-2W, in the same section with the discovery well at Hewitt.

Art L. Walker, chairman of the State Corporation Commission, was in the city last night conferring with the local members of the oil fraternity. He had been in Wilson yesterday conducting a gas hearing.

Col. J. G. Adkins is here from Cisco, where he has been for several months in the refining business and will remain in Ardmore several days. He has disposed of his refinery stock and prior to coming here spent a week fishing in Lake Burrey, near Cisco.

Hugh L. Sturm who is now devoting his time to the Cotton county fields, is an Ardmore business visitor. Mr. Sturm has some drilling contracts in the Hewitt field.

L. L. Tyer has received notice that the Southland Oil Company has a well in the Tulsa field, 10 miles southeast of Ranger, that is on top of a sand and making oil.

Fred A. Chapman is devoting his time to the harvesting of a bumper alfalfa crop in the Washita bottom, near Mannville, where he has several large farms.

L. C. Turman returned here yesterday from a visit to the field in Texas.

Elmer Evans who makes his headquarters in Healdton is an Ardmore visitor today.

James S. Alverson of Glenn, was transacting business in the city Wednesday. Mr. Alverson is owner of one of the finest wheat farms in the county and has harvested a remarkable crop this season, his acreage for next season will probably be even larger than it was this year.

ARDMORE ELEVATORS TAXED TO CAPACITY BY 1919 WHEAT CROP

Wheat and oats are piling up in multiplied bushels every 24 hours at the elevator of the Ardmore Milling Company's plant, and the grain is in no wise all sold by any means in this locality.

Flocks have been steady with the local elevator up to within a few days ago, when the situation to discover and fix the responsibility for the increase in the cost of living had a tendency to make the markets fluctuate.

The local elevator has a capacity of 200,000 bushels and has been running night and day ever since harvesting began.

W. M. Gwynn, general manager of the mill stated this morning that it was going to test the capacity of the elevator to the utmost to handle local wheat this season, but that every effort would be made to take care of the crop.

The Ardmore Milling Company has a plant with a capacity of 200 barrels of flour daily, but the mill has not been run to capacity thus far this season.

It will be pushed to the limit next month, however, to take care of the trade in this immediate territory.

Mr. and Mrs. James Have Visitors

Black James and family returned this week from an extended automobile trip into the oil fields of northern Oklahoma and Kansas, where he found labor scarce, the great oil fields developing, and a big grain crop in evidence. Mr. James said it was a revelation to go through the big oil fields, and see the tremendous amount of labor, wealth, automobiles and traffic.

There returned with him, to visit for a week or so, his foster parents, Dr. and Mrs. H. Bradley, of Caney, Kan. Elmer Perry and family of Bartlesville; Ben Childress and family of Bartlesville; Miss Mary Anderson of Cherryvale, Kan.

Mr. James keeps busy going to the ranch to bring in fruit, vegetables and watermelons to feed the big house party.

He has yet to demonstrate what a fisherman he is.

Constipation Results When Hot Weather Stops Exercise

When the system has become accustomed to a certain daily routine of exercise and food, health is quick to suffer if that routine is interfered with. The bowels are first to notice the change.

Different water is enough to constipate. Changes of food when traveling, much sitting by those accustomed to long walks will do it. It is especially true that when elderly people change their routine they quickly become constipated. Yet elderly people should be particularly careful to keep their bowels open, especially during the hot months.

A better remedy for the purpose cannot be found on a druggist's shelf than Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin which trains the stomach muscles to do their work naturally so that medicines can be dispensed with. Only a small dose is needed, and unlike harsh physics and cathartics, it acts gently and without griping.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size, or a free trial bottle will be sent on receipt of your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

DR. CALDWELL'S Syrup Pepsin
The Perfect Laxative

was here holding quarterly conferences last Sunday and preaching at the Methodist churches.

Our Great DIVIDEND Offer EXTENDED

GIANT allows you a few days of grace. It is an unusual privilege we extend to you. But we don't want anybody to miss a good thing like this. We offered you stock in the Giant Oil Company first as a mere gamble. It was and is a safe, sure deal. It allows you to bet your loss on oil. We have let the contract for the dividend for our first test well on our 5,000 acres in the Texas Panhandle, right on the line of extension from Bureo and Burkhardt to our neighbor, the 5,000-foot Haysgood well. If we get oil a few shares will be worth a fortune. If we don't you can't lose much. We won't let you invest more than \$100. You can get this stock now at ten cents a share and we'll pay you the 100 per cent stock dividend. For every share you buy at a dime now we'll give you one extra share free. You can buy an 11th share, a dollar's worth. Just send us our check this money. We don't want you to mortgage your home or your salary to buy this stock. A dollar or five or ten is what you can afford. And it may make you independent. Get your order in quick. Call this chance.
